Github: <https://github.com/cultstatue>

Full stack web developer with a background in the arts and visual communication, concerned with creating aesthetically unique and functional experiences for users. Degree in Illustration from Maryland Institute College of Art and recently acquired a certificate in full stack web development from George Washington University.

Technical Skills

- Javascript, Node.js, REST API endpoints, MERN, SQL and MySQL, CSS and various CSS libraries
- Git version control
- Experience working in and leading a team to create a full stack web applications

Projects

PetYard | github.com/cultstatue/petyard | <https://tranquil-brook-18159.herokuapp.com/>

Led a group of four people to create a MERN stack social media platform. Was responsible for splitting up tasks, setting up database queries and mutations, creating certain pages as well as writing logic for the frontend, and fine tuning some visual elements.

Bragging Rights | github.com/cultstatue/bragging-rights | <https://salty-harbor-82144.herokuapp.com/>

Fullstack social media application utilizing RESTful API endpoints and an SQL database. Was responsible for creating pages and logic for users to sign up, sign out, as well as create new posts and edit previously made posts.

Ready? | github.com/cultstatue/ready- | <https://cultstatue.github.io/ready-/>

Led a group of three people to create a frontend javascript application utilizing multiple APIs and the Bulma CSS framework. Was responsible for coding the majority of the logic as well designing the layout.

Experience

LIDL Store Associate/Baker

2021-2022
Frederick, MD

- Worked both independently and with other team members to manage multiple tasks necessary to maintain the store.
- Would use predetermined formula and personal judgment to determine how much product to bake.
- Successfully managed multiple customer relationships.

Education

- Fullstack Web Development Bootcamp Certificate - George Washington University (2022)
- Bachelor of Fine Arts in Illustration - MICA (2016-2020)
